ABOUT US

Established in 1993, Vaal Triangle Preparatory is a complete educational pathway from Grade RR to Grade 7. The school brings together heritage, innovation and a commitment to growing the potential in every child, right from the start.

Located in Vanderbijlpark, we provide affordable independent education, founded on Christian principles. We focus on developing young individuals who are secure in their own identity and motivated to be positive influencers.

WHY CHOOSE VTP?

- Robotics and Coding
- Digital learning spaces
- Structured afternoon programme until 18:00 (open during school holidays)
- Focused Early Childhood and Development Centre
- Homework & Computer Centre
- New playgrounds designed for functional play
- Professional coaching in various sports

ACADEMIC CURRICULUM

Our educators in Grade RR to Grade 3 emphasise nurturing, self-development, care, love and individual excellence within the whole curriculum. Learning through play forms an integral part of daily activities. The primary language of instruction is English, with Afrikaans as First Additional Language.

From Grade 4 to Grade 7 learners are actively engaged in exploring the various learning areas available as per the National (CAPS) curriculum. These are the stepping stones for their preparation for the High School phase but we have added a number of extra programmes to enhance and deepen the learning experience.

All stationery and books are included in the annual registration fee.

SCHOOL FACILITIES

Specialist classroom for Robotics and Coding

Digital learning spaces including one computer lab and more than 30 classrooms equipped with a laptop, projector and whiteboard

Newly developed playground that focusses on gross motor and fine motor development

Multi-purpose sports field

MESSAGE FROM THE PRINCIPAL

At our school we believe in our motto, "Co-operate in Love". We are a Christian-based school and family is our main priority. Relationships formed at this school between parents, learners and educators are life-long bonds. Education is not just our profession, it is our passion.

Mrs Janine Muller
